

## Beginning the week of October 18, residents of Middleburg Heights will receive a 65-gallon recycling cart.

The City of Middleburg Heights, in conjunction with Republic Services®, will soon be providing each resident with a 65-gallon green recycling cart for their recycling collection needs. Republic Services will begin delivering the green recycling carts in Middleburg Heights the week of October 18, 2021. After the cart is delivered to your curb, please begin using it on your next scheduled collection day. Carts should be placed curbside by 7:00 a.m. on your regular collection day. Carts should be placed 3 feet from the curb and any stationary object in your driveway (or on the tree lawn).

Please review the information inside this brochure on what can and cannot be placed in the recycling carts along with a sticker on the underside of the cart lid. In addition, you can find information on recycling do's and don'ts at [RecyclingSimplified.com](https://www.RecyclingSimplified.com). There is no need to put your recyclables in plastic bags; place everything loose in the cart.

If after initial use of the 65-gallon recycling cart you are unable to use the cart provided, please contact Republic Services at [800.433.1309](tel:800.433.1309) and they will remove the cart. Should you wish to continue to place your recyclables in your small blue bins or in plastic bags, you may continue to do so.

***Please Note: Your waste collection services will remain unchanged, so continue to place your household waste materials curbside as you have in the past.***

Please call Republic Services at [800.433.1309](tel:800.433.1309) with any questions.
