In Ohio, any business with employees, even a single employee, is required to carry Workers' Compensation coverage. However, a sole proprietor, sole proprietor operating as an LLC, or partner in a business is NOT required to participate in the Ohio Workers' Compensation program.

By signing below, I am confirming I am sole owner of my company and do not have any employees. Therefore, I am not required, and do not carry Workers' Compensation.

If I do hire employees, I understand that state law requires me to have Workers' Compensation pursuant to Chapter 4123 of the Ohio Revised Code.
